

Tuesday 5th January 2021

Online Learning

Dear parents and carers,

Thank you so much for your support and understanding today; we have all been busy organising our remote learning provision and finer details ready to share with you. As you can imagine, at such short notice we are all doing our very best with something very new to us – we very much appreciate your kindness and patience as we embark on a new way of teaching and learning.

Teaching and learning from home

We will be starting whole class Zoom teaching from tomorrow (Wednesday 6th January) and the attached timetable shows when the Zoom teaching sessions will start for each year group. The Zoom teaching sessions will be approximately 20-30 minutes and is an introduction to the task which children will then complete independently, away from Zoom. There will be two of these sessions each morning (English and Maths), a reading slot (not on Zoom) and an afternoon session provided so that other subjects are also covered. Key worker and vulnerable children in school will join these lessons with the member of staff in their bubble from the classroom.

All children are expected to join these teaching sessions and a register will be kept. Children not attending will be flagged up and a phone call home will take place to find out why. If you are having any issues with internet connection or access please email shona.hardcastle@dronfieldstonelow.derbyshire.sch.uk for advice and support.

Teacher emails are included at the end of this email. Children can send in a picture of their work, or a part of their work to the teacher's email address (the member of staff delivering the lesson). This does not need to be every day/session but there is an expectation that teachers will see a piece of English and Maths work once a week as a minimum, from each child. For some sessions, teachers will explain what they would like to see.

We have ordered some work books for children to use at home. Unfortunately at such short notice the order will take a couple of days to arrive. As soon as we have these, we will send a message so that you can do a socially distant walk to school to collect a squared maths book and a lined book.

Lesson ID and passwords for Zoom lessons will be sent out on Parenthub – please be aware that classes with more than one teacher, may post different Zoom details as staff have to use their own account. Keeping a close eye on Parenthub will be the key.

Resources, activities, questions, video links etc. for lessons will also be posted on Parenthub.

For afternoon lessons, these will be with you by Friday on a timetable on Parenthub, ready for the following week. This timetable will be interactive and will show the subject links for Y3/4 and Y5/6. Our first afternoon timetable will be posted this Friday ready for Monday 11th January. This will have links to all year group afternoon sessions.

We cannot thank you enough for your supporting school, working with us and maintaining our team approach to your children's education. Fingers crossed for the start of our online learning journey. Please feel rest-assured that any teething problems will be ironed out as quickly as possible and once again we thank you for your patience.

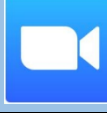

We look forward to seeing your children online tomorrow.

Mrs Collins and Mrs Robinson
