Dear Parents / Carers,

During lockdown we have arranged remote learning for the children. The DfE expectation is that they should complete 4 hours of learning a day.

In the morning we will organise live zoom lessons. We will have a live English lesson and a live Maths lesson. The teachers will send out login details and forward any relevant paperwork / answer sheets via parenthub. These will be in the morning.

In the afternoon we will provide a timetable of topic activities with powerpoint voice-overs and videos for the children to work through. These will be available on the website and will be updated each week. We will leave the previous week's timetable on the website for you to access if you need to. There will be a zoom assembly at 1:00 each day.

- The class teacher will schedule zoom lessons every morning. Your child is expected to take part in these lessons. Please support them to join these meetings. Login details will be sent to you by the class teacher via parenthub. These details will remain the same for every zoom meeting and will be organised through a school e-mail. As we try out this way of remote learning it may be that we organise two zoom lessons each day - one for english and one for maths
- There will always be two members of staff present in the zoom lesson.
- The lessons will not be recorded.
- The class teacher will let the children in to the meeting and then close the meeting after 5 minutes. A register will then be taken.
- The children will be muted when they join the meeting. The teacher will control when they are muted / unmuted. The teacher will also control whether the children write messages.
- The children are expected to stay for the duration of the lesson. You DO NOT need to be in the meeting, although you, or a trusted adult, should be available in the same premises. It is also inappropriate for you to use the zoom call to make comments or try and discuss something with the teacher. Please e-mail them directly if you need to do this.
-

Deputy Head : Mrs Erica Collins

- If you have any ongoing ICT issues that prevent you from joining the meeting then please either contact the school mobile on 07510 259566 or e-mail the class teacher directly
- If the class teacher is off ill, another teacher / Headteacher will take the lesson if possible. If this is not possible then the timetable should be followed until a teacher is available.
- If your child does not take part in the zoom lesson then you will be contacted by school.
- If there is an ICT issue that is out of our control then please remain patient - we will try again the next day!

If remote learning is difficult for you [no access to technology, poor wifi etc] then please contact school. Thank-you.

Below is a reminder of the original guidance we sent out, with a few additions.

Using Video Conferencing for virtual support with Stonelow Junior School - Parents and Carers Guidance for safe use

Please find below guidance to ensure that video connection times are conducted safely. Your support for these guidelines is greatly appreciated:

- Parents must **NOT** post meeting details or invitations on social media. School staff have been instructed to ensure that any video conference account is linked to their school email account.
- Parents must **NOT** record the lessons or take screen shots or photographs of the video lesson
- As far as possible please make a safe, appropriate and semi-supervised space available for the virtual connection to take place in. You must take the virtual communication in a room with an open door and that a parent / guardian or another trusted adult should be in the same premises while the communication takes place. This must not happen in their bedroom

Headteacher : Mrs Catherine Robinson

Deputy Head : Mrs Erica Collins

- Children are required to present themselves as they would if they were in a face-to-face lesson: They should dress appropriately (not school uniform) and follow the behaviour expectations that we have in school.
- The teacher will record the length, time, date and attendance of any sessions held, but will not record the lesson itself
- A second teacher may be present during the virtual communication

Your child's teacher will contact the school's Designated Safeguarding Lead (DSL) if they have any concerns about a student. Examples of potential concerns may include

- a staff member seeing, or hearing, a concern during an online lesson
- a disclosure made by a student in the course of a lesson.

Thank-you once again for your support and patience. We are trying our very best to continue to support you at home in different ways. Please sign and return the slip below to show that you have read and understood the information above.
